

SGWU - Loyola Relations

Earlier this week the Chairman of the Board of Governors received a letter from the Chairman of the Trustees of Loyola suggesting that a meeting be held between representatives of the two boards. This seems to us a desirable new stage in the continuing negotiations of the two institutions, and we are happy to agree to Loyola's proposal.

Meetings have been held sporadically over the past two years between a variety of groups representing the two institutions. This summer we received from Loyola the outline of a project for a new integrated university, which was accepted by the Sir George Williams Board of Governors and the University Council as a good basis for further negotiation, and we so informed Loyola. Subsequently, we sent to Loyola a document developing certain aspects of their proposal, referring notably to the organizational structure of the proposed institution. We have not yet received Loyola's views on this document, and we assume that our proposals will be one of the subjects discussed at the coming meeting.
